Croatan Institute is seeking sponsorship to support our new Croatan Conversations series. The series will include thought provoking presentations, one-on-one and small group interviews, and intimate discussions to explore emerging opportunities for investing in solutions to the most urgent challenges of the 21st century. Senior level decision-makers -- from the fields of sustainable, responsible, and mission-related impact investment, fund management, institutional investment, community development finance, investment consulting, and investor engagement and financial activism are invited to participate as speakers and active participants.
